Snakey

Smookey,

It would be utterly impossible for me to summarize our 12 years together on this little page or even on all the clean pages of this book. So I'll be short & sweet (2 things I've never been.)

Remember all the great times we've ~~had~~^{shared} together (there have been hundreds of them), and forget the terrible ones (there've been plenty of them too!)

Even though you and I have always gotten along pretty ^{well}, we've had some pretty good arguments. You can forget those, if you want to.

You and I will be parting next year for the first time in 12 years. Doesn't that sound romantic? Gag! I'm not sure if we can get along without each other but we're both liable to become successes. If you ever decide to go to W.V.U., look me up. (Probably in the dean's office getting little blue slips!)

Even more than success I wish you happiness. Many times it's harder to gain than the other. Sounds sentimental, doesn't it?

I think I've done a good job of messing up your yearbook so I'll just quit while I'm ahead.

Whenever you need a friend, I'll be here.

Forever yours (not the candy bar!)

Barb

Smookey,

It would be nothing at all for me to summarize our 3 years together - but I think I had better not! I guess we'll never forget our first year (school, grades, classes, and the campaign) The next year was a blast also, (more grades "Chemistry", spelling, and the final battle in student council election and the party you messed up.) Finally our Senior year - more grades, "girls" and our many talks trying to figure out "who" and "when" and "why", our car trips, and college plans, also our many plans and stragity we have plained. There really isn't any thing I can say to appropaly say what I feel and what we

we mean, but I will say between the
lake, explorers, and of course election in college
next year at Potomac State we will even have
more fun at college - so til college - be
good this summer and we will be sure
to congregate this summer frequently -
like every week.

A Friend Always,
Jen

Mr. Johns:

Our

Principal

While each succeeding generation since recorded history has been beset with many problems, none have been faced with the problems of technology as you are facing now. Technological innovations and discoveries have created new industries and products and have profoundly altered our nations economy. We have changed from a society which in 1900 was predominately rural to what is now overwhelmingly urban. When you consider that some 90 per cent of the research scientists who have ever lived are still alive today, and that about half the research and development money spent in the history of the United States has been spent in the last eight years, you can be sure that this technological revolution is by no means at an end.

Putting it still another way. In 1900 a young man entering the labor market could probably count upon the skill he had learned or was about to learn as an apprentice for his livelihood during his entire working life. Some seventy per cent of the skilled trades in American manufacturing in the year 1900 do not exist now. Today, with the rapid rate of innovation, the skill learned as a youth may be obsolete and inusable within ten or fifteen years.

There is no need for you to be frightened by such prospects, provided that the quality of our education keeps pace with the advance of technology. Man is the most adaptable of all beings. He is born unspecialized. His brain and his hand can be turned to an infinity of different tasks. But this adaptability soon withers and dies unless it is nourished by education.

This means that you must be able to understand what you read; think for yourself and express your thoughts clearly; handle the basic tools of mathematics in their application to your daily life; grasp some of the realities of your natural and human environment. If you have learned these things well, you will have learned how to learn. Such an education is like a master key that opens many doors.

Not everybody can be a genius, but if in your own mind, you have done your best and will continue to do your best throughout life, your problem of meeting this galloping technological age of yours, will be greatly simplified.

I am confident that you have the best wishes for success and happiness in the years ahead from all persons who have known you and of just one little spark from one of your teachers, whether it was in the elementary school or secondary school has been ignited, may that torch glow brighten each day.

A SALUTE TO SOUTHERN'S FACULTY

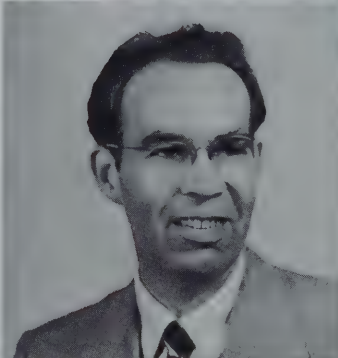

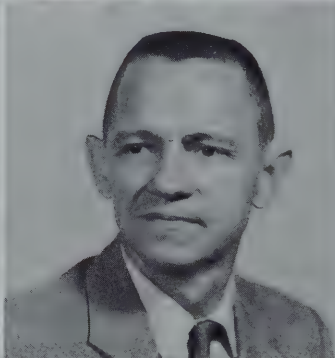

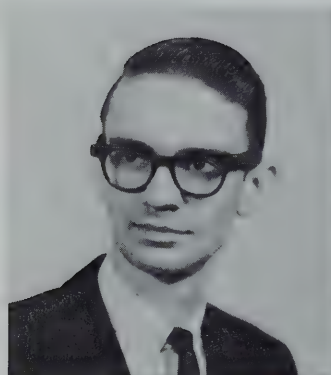

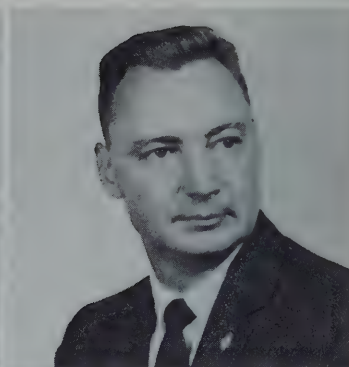

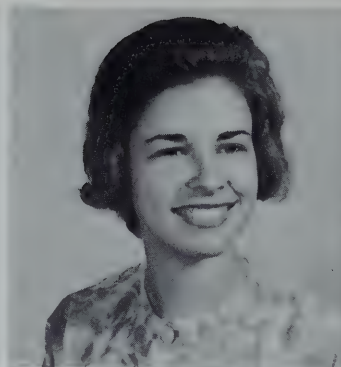

As directors of Southern's Symphony, we take great pride in our achievements of the year. Some of us have encountered each student for the first time. However, for many of us, the graduates are a part of ourselves, for we have witnessed their growth from unsure newcomers to able leaders of Southern. To these we offer our best wishes of success in the future. Of the young blood of our school, we make a request--do your best and make your years with us as enjoyable as this one has been. To all we bid a warm farewell 'till next year. Good luck!

OUR LIFE

Our life at Southern began in 1959 as we entered the 7th grade with anticipation and apprehension. We elected Nancy Glotfelty as our President, David Sisler-Vice President, Linda Oursler-Secretary, and Deanna Fike as our Treasurer.

We returned the next year with less apprehension than with the previous one. As Eighth graders we traveled to Ft. Necessity. It proved to be a very enjoyable and educational excursion. We chose Bob Lohr as President, Judy Kildow-Vice President, Sandra Jordon-Secretary, and Deanna Fike-Treasurer, to lead us through our second year at Southern High School.

We entered the ninth grade as "Freshmen", which sounded pretty good. This year our duties were carried out by Linda Oursler-President, Cathy Lewis-Vice President, Linda Shaffer-Secretary, and Deanna Fike as our Treasurer.

As sophomores, we finally became "senior high" students. We elected Linda Oursler-President, Nancy Kitzmiller-Vice President, Linda Shaffer-Secretary, and Linda Bray-Treasurer.

Next to our Senior year, our junior year was our most memorable one. One of the main events was the ordering of our class rings. Our class play, "Her Emergency Husband", proved to be a successful event. The Climax of our junior year was the Jr.-Sr. Prom, "Moonlight and Roses", the result of eight months of hard work and fun. We elected Nancy Kitzmiller-President, Ron Hansen-Vice President, Linda Shaffer-Secretary, and Linda Bray-Treasurer, to lead us in the planning of these events. Kathy Campbell served as Secretary of the Student Council.

Again, as when our life at Southern began, we came with anticipation and apprehension. We looked forward, with anticipation to our senior year and perhaps apprehension for our future. For the first time in the history of Southern a write-in candidate was elected President. Bob McIntyre, our chosen candidate, served as President, Nancy Kitzmiller as Vice President, Linda Shaffer as Secretary, and Linda Bray as Treasurer. Smokey Stanton served as President of the Student Council. Elaine Ridder and Debbie Kern filled the office of Treasurer. We would like to acknowledge Kathy Campbell, who has served us in the Student Council diligently for six years. Also, Donna Shaffer served as editor of the Highlander for her second year.

Our class play, "There She Goes", was our first successful event of the year. The class participated in the usual senior events.

As a parting note, we would like to thank the faculty and administration for their help and guidance throughout our life at Southern.

STUDENT COUNCIL REPRESENTATIVES

Linda Ousler

Kathy Campbell

Cathy Lewis

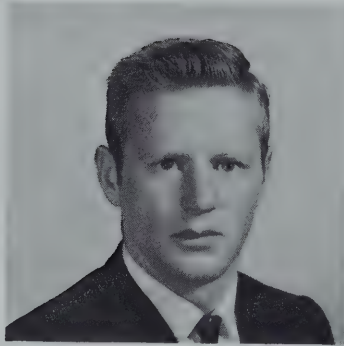

At the sound of the 8:30 bell, Student Council members head towards the Student Center to begin their role as "middle-man" between the students and faculty. Smokey Stanton calls for order in hopes that an important matter can be settled. Reaching their goal after much debate the group divides into their assigned committees to prepare for their jobs. As the first period bell sounds, the group adjourns until the following morning.

STUDENT COUNCIL REPRESENTATIVES

Our eleventh year--one of budding friendship and leadership. We harmoniously demonstrate this by our greatest responsibility of the year--the Junior-Senior Prom.

Our class rings are one of the symbols of our new-found position as school leaders.

Stepping lightly, we look forward to our senior year--the finale

STUDENT COUNCIL REPRESENTATIVES

We are aware of our new status in Southern. The underclassmen regard us with respect and we realize for the first time that we are setting an example--we must strive to make it an admirable one.

We find available to us all the activities of Southern High, and we become an active, rapidly moving part of a harmonious symphony.

Our uncertain future is becoming clearer. Two more steps and we shall be facing it directly. With help from our fellow classmates, the faculty, and the administration, we shall definitely succeed in whatever we choose to do.

STUDENT COUNCIL REPRESENTATIVES

This year we are truly young adults. We are given greater responsibilities and are expected to act accordingly. We have now become a part of Southern's symphony. We are fast moving and brisk as is the allegro of a symphony.

Will our year go so smoothly that we will work well and harmoniously with our associates, or will we, working alone, ring a discord?

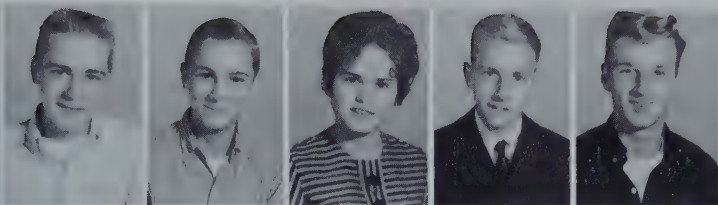

This is the year we have anticipated. It should bring back many pleasant memories in our future.

STUDENT COUNCIL REPRESENTATIVES

As eighth graders, we approached Southern with much of the anticipation and apprehension of last year far behind us. Having now completed two years in our once strange and new surroundings, we will become Freshmen as "old pros."

With the ninth grade comes the real importance of leadership, scholarship, and true character. It is our duty to learn and become the responsible adults and leaders of tomorrow. We are now being given the opportunity to expand our field of knowledge and to become the capable leaders of tomorrow.

STUDENT COUNCIL REPRESENTATIVES

When we enter Southern High School as seventh graders, we leave behind us a safe and secure world. We now enter a new life--one where we will have to compete against many others and where we will have to do the best we possibly can. The effort we put forth now will be of great use to us as we advance ourselves in the years to come.

We know that at Southern we will have many friends who will help and guide us along the road to success. We will not be alone.

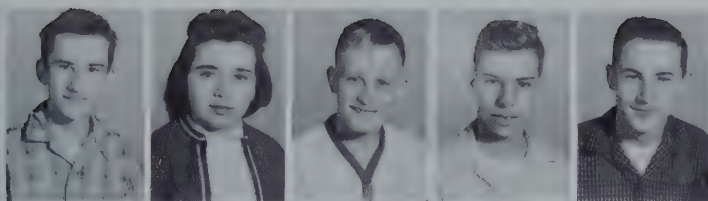

We also know that our life here will be a successful one if we put forth all we can and contribute as much as possible to our everyday work.

A TRIBUTE TO SEVENTH GRADERS

Remember September--
All golden of hue.
How we quivered
At faces so new.

Remember October--
How cool and crisp;
We're nervous, but don't show it;
Isn't school bliss?

Remember November--
How we quaked in our shoes,
Report cards were coming,
Weren't we confused?!

Remember December--
How carefree we were;
A holiday coming
And homework deterred!

Remember January--
We were back at work,
Studying hard and learning
For our future's lifework.

Remember February--
Report cards again;
Biting our fingernails
To make amends.

Remember March--
With spring in the air;
How we chattered and whispered
To our teacher's despair!

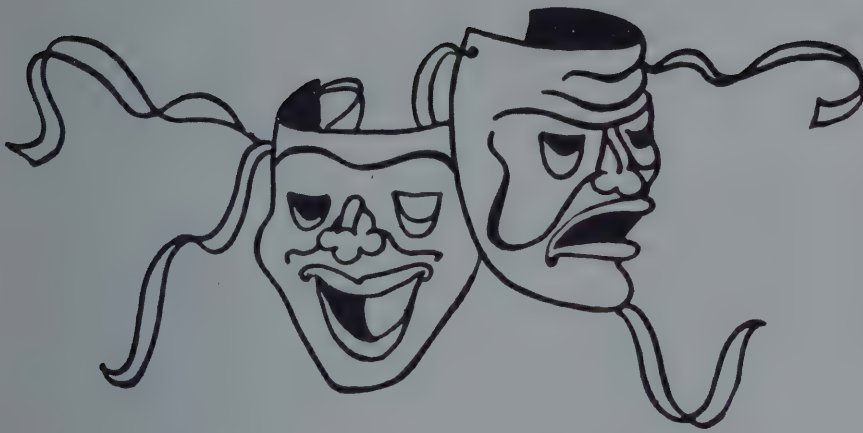

Remember April--
Showers and all.
Report cards again,
Happiness for all.

Remember May--
And the never-ending tests;
Quizzing our minds
To their utmost crest.

Remember June--
How excited we were,
Proud and haughty
At being old pros!!

COUNCIL

At 8:30 every morning the members assemble in the Student Council room.

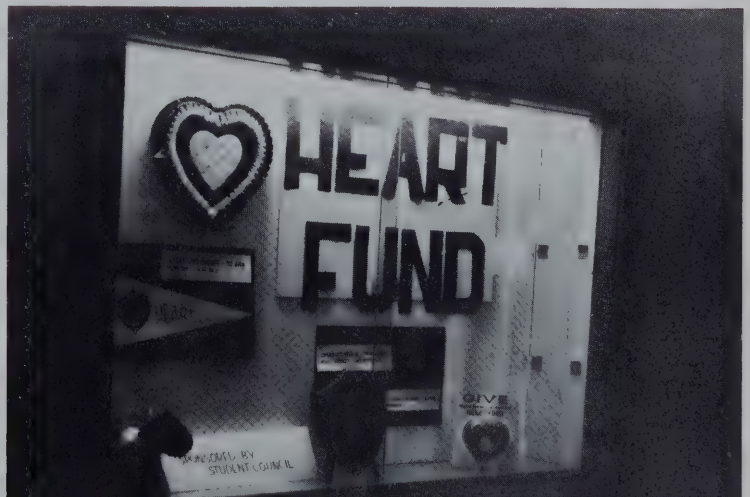

Student Council discloses winners in its annual pencil drive headed by Charles Teets: Hugh Savage and Karen Crone.

This year was obviously election year as the Student Council held a mock election in which the student body participated.

This is the second year the Student Council has sponsored the Heart Fund Drive.

STUDENT COUNCIL ACTIVITIES

FIRST ROW--Rita Bernard, Sue Repetsky, Kay Riley, Barbara Hull, Christine Umstot, Linda Ritchie, Helen Repetsky.
STANDING--Nancy Callis, Linda Oursler, Daniel Paugh, Ronald McDaniel, Donna Shaffer, Jan Naylor, Sandra Harvey, Ruth Knotts.

The purpose of the National Honor Society is to give credit and recognition to outstanding and deserving youth; and through this, open the way to deeper objectives.

Membership is based upon scholarship, leadership, service, and character.

The National Honor Society was organized in 1921, and is maintained by the National Association of Secondary School Principals.

In the past year there were chapters in over eleven thousand high schools.

Members of a chapter are chosen by the faculty; students may not elect them. Only juniors and seniors are eligible.

The minimum scholarship requirement is a "B" average in each subject in grades ten, eleven, and twelve. Membership is a badge of honor in our school and in schools across the country.

Members shall have spent at least one semester in Southern.

A student is allowed only one warning period; that is, if a student gets a grade of a "C" in one subject, he is allowed to remain in the society on the condition that it be brought up to a "B" by the next grading period. He must also maintain a "B" average in all other subjects. Once he is dismissed, he shall never again be eligible for membership in the National Honor Society.

Regular meetings are held monthly. Greek names and letters are not used. Dues must not be in excess of \$1.00 annually.

Foster D. Bittle

The Oakland chapter of the National Honor Society was named for Foster D. Bittle.

Mr. Bittle attended high school in Frederick County, Maryland. He graduated from Gettysburg College with an A.B. degree. He received an M.A. degree from Teachers College, Columbia University. He also attended summer school at the University of Maryland and Johns Hopkins University.

Mr. Bittle taught school in Frederick County, Maryland, and Martinsburg, West Virginia. He also served as principal in schools in Frederick County, Queen Annes County, and Washington County, Maryland.

Mr. Bittle was principal of Oakland High School for 18 years. He served as President of the Garrett County Teachers Association and President of the High School Principals Association of the Maryland State Teachers Association. He was supervisor of High Schools in Garrett County for 13 years.

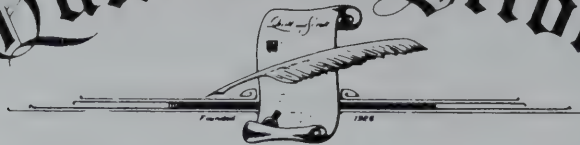

Mr. Bittle is a member of the Garrett County Historical Society, among many other worthwhile activities.

In 1955 Mr. Bittle received the United States Treasury Award for patriotic service to his community, and the nation through the United States Savings Bonds Program.

Members of our faculty who are members of the National Honor Society are Mrs. Bernatowicz, Miss Patterson, Mrs. Price, and Mrs. Harper.

Senior Class Play

THERE SHE GOES

A special thanks goes to our director, Mr. Crone. We, the seniors, consider our senior class play a great success. Soon our high school days will be only memories and Southern High will have forgotten us. But the fun and good times, as well as the hard work, which were a part of "There She Goes!" will be treasured always in the memories of the members of the Class of 1965.

Darrin,

I was going to call you & tartan, but I'm not mad at you right now. Oh yes, I could call you & make. Oh, so much for that.

Since you didn't write very much in my yearbook I thought I better tell you the things you're not supposed to forget so you won't forget what you're not supposed to forget.

I guess it really all started on that first hay ride (remember the one you forgot). Then to mention a few others there is the other hay rides, getting embarrassed at the drive-in, Horny toads and push buttons, all these times you were late (and I'm not going to explain that one), and our long, serious talks.

Most of all I know I'll never forget the New Year's Eve dance. I had a absolutely wonderful time. I'll never forget it.

Why did you put it in my yearbook about "parking" in front of your house? I didn't know I did things like that! (I'm referring to the witch)

Remember that day you got accepted at Pat. State? I never will forget it. You were about ready to bubble over with pride and happiness.

Every once in a while I think about what it might be like if I hadn't moved here. Well, I'm darn well happy I did.

I just hope you get rid of your complex and get all out of life you have hoped for and dreamed of. You are a really great guy and a person in my life I shall never forget.

Remember my old saying - Be good and keep smiling.

P.S. Remember only two a day and all the times you quit!

Love ya,
Joanmy

Dear Smokey,

It doesn't seem possible that it is all over. We did have our problems, high points, etc. etc. etc. It is good that we can laugh about many of the things now. So far Smokey! You know, ^{that} you are something a little special to me, and I shall keep up with your progress. Don't forget me.

Sincerely,
Gus Delgad
